What is IPOD

Inner Peace Outer Dynamism (IPOD) is a life-skill enhancement session for

- **Understanding our own Inner**
- **How to maintain Inner Peace & still continue in Outer world with Dynamism(Learn technique for it)**
- **Happy & Healthy Life every moment...every day...**
- **Creating an inspiring life everywhere, wherever we go..**

What is IVBI

I Vote For A Better India (IVBI) is a campaign that aims at increasing the awareness and importance of voting in our civil society, especially the youth

Campaign objectives are to

- Increase voter awareness regarding the importance of voting
- Increase voter registration by registering 50%-65% of the unregistered voters before March 31, 2014.
- Clean the electoral rolls to reduce bogus voting by **50-80 million**
- Increase voting turnout by more than 20% (including cleaning the electoral rolls)

Campaign is being led by Volunteer for A Better India (VBI)

- VBI is a Pan-India social initiative of the Art of Living that is encouraging and making it easy for citizens of India to come together in service and use their skill, time and resources to help build a better India
- VBI was launched in February 2013 and since then has thousands of individuals who have come together in service on a variety of projects
- VBI intends to tap into the vast network of Art of Living and existing VBI volunteers to execute the plan.

Art of Living, the founding parent of VBI, is a non-profit organization that carries on His Holiness Sri Sri Ravishankar's mission to create a stress-free, violence-free planet through transformational personal development programs and global service projects in more than 150 countries around the world (www.artofliving.org). The Art of Living is one of the largest volunteer-based organization in the world that has impacted more than 400 million people and has millions of volunteers across the globe and in India.

About the Faculty

Shri Kartikji:

One of the senior most faculty of the Art of Living Foundation; working tirelessly to take forward His Holiness Sri Sri Ravi Shankar ji's a vision of creating a violence free, stress free society.

While he was still in his twenties, he had a promising & successful career as a Chemical Engineer with Reliance Industries Ltd. However, unlike other youngsters his age, he always had this inquiry into his life; far beyond the normal cycle of job-money-career-marriage... "What is the purpose of my Life?"

At the age of mere 18, he started participating, organizing and teaching Art of Living courses with the same vision as Sri Sri Ravi Shankar ji of bringing a smile on every face & create a sense of belongingness amongst everyone.

Thousands of people across the country & abroad have benefited through his teachings of entry and advanced level courses of the Art of Living Foundation. He continues to travel extensively to reach out to more & more people to help them transform their lives.

He has addressed numerous groups of corporate, defense, young professionals, doctors, chartered accountants, government officials; unfolding the secrets of life through his courses.
