Dear Member,

GST law is now a reality and is probably the only law that makes use of technology on such a huge scale. Unless we are better equipped with technology, we will be unable to service our clients efficiently. By learning how to use technology to provide GST related services, we can better leverage our time, get organized and make things much easier with just a few clicks.

In a few days Chartered Accountants and their staff members will get busy in preparing and filing GST returns on behalf of their clients. Keeping this in mind, the Information and Technology Committee of the Chartered Accountants Association, Ahmedabad, has organized a unique seminar in association with Udyog Software (I) Ltd. (An Adaequare company).

We are confident that after attending the seminar, one will be able to easily prepare and file GST returns online and in turn making one's work easier.

The **Information and Technology Committee** invites all Members, Students, Article Assistants and Office Staff of Members of the Association to a **Seminar on “GST return rules and live online demo of preparing and filing GST returns”**.
